## BOOK SYNOPSIS

Assigned as an interpreter to a mysterious alien race, Liaison Sadie Beckett crosses multiple star systems to the remote Cynji home world on an old space freighter. Knowledge is essential when dealing with aliens. A misspoken word or a careless gesture could lead to wars so liaisons are necessary to keep the peace, but Sadie is kept in the dark about her new employer. This mysterious species has chosen to withhold most of their culture and language information. All she's told is to accompany Ambassador Nual back to Central Station. Sounds easy enough, but the lawless void of space holds many dangers.
