BOOK SYNOPSIS

Three years ago, Nadine Alesini divorced her husband and left Buenos Aires with her daughter in tow. Now she's back and forced to spend time with the man she left behind. Cortez Alesini long ago accepted that his music career aided in the demise of his marriage. So he didn't expect that he and Nadine would spend passionate nights together while she's back in his country, causing them to question if they gave up too soon. But the reappearance of someone from his past immediately causes friction, and may destroy any chance they have at a true reconciliation.
