BOOK SYNOPSIS

Two women are caught in an escalating game of cat-and-mouse that leads to an explosive ending in this breathtaking psychological thriller from the author of a Necessary End and Don't Try to Find Me. You'll have your deposit within seven business days, just like it says on Getaway.com. I've put through a refund to your credit card for the full amount, minus \$200 to replace the sheets. I couldn't get the stain out despite professional laundering and bleaching. . . Miranda All Dawn wanted was to stay in a beautiful beach house with her husband, to live like money's no object, for just one long weekend. Then Miranda, the home's owner, has to send an e-mail like this, full of lies and the suggestion that Dawn's so dirty, she needs to throw out her sheets. Someone needs to teach Miranda a lesson. Beware of your "host" I wouldn't leave a review on Getaway.com at all, if I didn't feel it was my civic duty to warn others . . . Dawn Miranda cannot believe her eyes. Yes, she may be a doctor's wife, but she needs the rental money from the beach house desperately. Someone needs to teach this Dawn a lesson. Two very different women with one thing in common: Each one knows she's right, and each is determined to win this battle of words and wills and (eventually) worse. Neither will yield, not before they've dredged up hidden secrets, old hurts, and painful truths that threaten to shatter the foundations of their lives. Because it's never really just about the sheets, is it? This is not over. This is so not over.

THIS IS NOT OVER A NOVEL - Are you looking for Ebook This Is Not Over A Novel? You will be glad to know that right now This Is Not Over A Novel is available on our online library. With our online resources, you can find Applied Numerical Methods With Matlab Solution Manual 3rd Edition or just about any type of ebooks, for any type of product.
