The Second Edition addresses tough physiology topics with new and revised two-page modules and corresponding new Coaching Activities in MasteringA&P®. Brand-new end-of-chapter study and practice materials include a narrative Study Outline and comprehensive Chapter Review Questions. Module Reviews and Section Reviews, appearing throughout each chapter, give you additional tools for learning. In response to the strong demand from A&P instructors, a brand-new Visual Anatomy & Physiology Lab Manual uses the same visual approach and modular organization to help you succeed in the lab. This program presents a better teaching and learning experience by providing: Personalized learning with MasteringA&P: Become engaged with new "tough topic" Coaching Activities and a wide range of other question and activity types--all automatically graded. A visual approach and modular organization: The two-page modules seamlessly integrate text and visuals to guide you through complex topics and processes with no page flipping. The addition of new content in select modules gives you a better understanding of physiology. Frequent practice: Review questions at the end of each module, section, and chapter encourage and support practice. In the Second Edition, the Chapter Review includes a new comprehensive Study Outline and new traditional Chapter Review questions. You can continue practicing with MasteringA&P. Learning outcomes that tightly coordinate with teaching points: The clean one-to-one correspondence between the numbered chapter-opening Learning Outcomes and the numbered two-page modules give you an easy learning path and instructors an easy vehicle for assessment. Streamlined learning in the lab: The new Visual Anatomy & Physiology Lab Manual uses the same visual approach and modular organization to help you succeed in the lab. 0321918746 / 9780321918741 Visual Anatomy & Physiology Plus MasteringA&P with eText -- Access Card Package Package consists of: 0321918940 / 9780321918949 Visual Anatomy & Physiology 0321963431 / 9780321963437 MasteringA&P with Pearson eText -- Valuepack Access Card -- for Visual Anatomy & Physiology
